We are seeking detail oriented Project Managers. The ideal candidate will be responsible for the successful collaboration with our site planning and architectural project teams, and the overall execution (design through construction administration) of our landscape architecture projects.

### Minimum Requirements:

- Registered Landscape Architect preferred
- Desire to lead!
- Great communication skills.
- 7+ years of project management experience.
- High-density/mixed use residential, hotel or senior living project experience preferred.
- Thorough understanding of southwest plant materials, irrigation design, construction documents, construction details and specifications.
- Experienced with AutoCAD; knowledge of Adobe Creative Suite to guide others. Sketch-up experience a plus!
- Interest in leading and mentoring others on the landscape architecture team.
- Alignment with Todd & Associates Core Values: Dream Big. Work Hard. Play Fair. Have Fun. Make a Difference.
