

**EPS Group is a top 10 firm in the Southwest region, offering opportunities in both private and public sector disciplines. As an Arizona-based Engineering, Surveying and Planning firm in the Southwest, our culture is centered around an entrepreneurial mindset that rewards innovation and collaboration. Work-Your-Way. We offer multiple hybrid options to create a blended approach to living and livelihood for all of our associates. We are one-team in multiple locations to include: Arizona, California, Colorado, and coming soon to Texas!**

**We encourage those with an entrepreneurial mindset to apply to join a firm that offers competitive compensation & benefits in addition to quarterly performance incentives. Remote, telework and in-person opportunities are available at any of our locations in Arizona and Colorado and, coming soon to Texas!**

We are currently seeking an Entry-Level Landscape Designer to be a part of the EPS Group team. This individual should bring passion, artistry, story-telling as well as positive energy & enthusiasm to the group. Candidates should have strong design ideas and a willingness to work in our most innovative department creating impactful designs.

Our projects are diverse and multi-faceted including: residential community, mixed-use retail, medical / healthcare, education/campus master planning, hospitality/resort, entertainment, parks, and public and urban space markets working collaboratively with other firm disciplines and consultants.

### **RESPONSIBILITIES**

- Work with a multi-disciplinary team on a broad range of projects
- Possess strong design and graphic skills to generate high quality deliverables
- Participate in the production of preliminary design and presentation materials
- Ability to assemble plan packages, from schematic to construction drawings with technical competence
- Strong leadership, design, communication, organization, and graphic skills and enjoy working in a fast-paced, collaborative environment.
- Candidates will be required to transition between multiple aspects of a project from concept to construction drawings including planting, hardscape, irrigation coordination, construction detailing, construction document package development, construction administration, and coordination with other disciplines.

**Candidates should have 0-3 years of experience and be proficient in planning and landscape architectural design and demonstrate a high degree of the following skills:**

- Demonstrated skills in design and production, construction documents and detailing, creativity and communication
- Using Adobe Suite, AutoCAD, Sketchup & other design software to create details, design documents & construction documents
- Understanding of construction documentation including layout, grading and site detailing
- Bachelor's Degree in Landscape Architecture or Planning or equivalent work experience
- A combination of landscape architecture and planning experience a plus.

Qualified applicants please submit cover letter, resume & portfolio in PDF (under 9MB) format to [careers@epsgroupinc.com](mailto:careers@epsgroupinc.com)
