

SWABACK Architects + Planners seeks an experienced Community Planner/Landscape Architect committed to design excellence, who thrives in an environment of collaboration and demonstrates a high degree of creativity. We are interested in hearing from driven individuals with 3-7 years of experience and with proficiency in AutoCAD, Sketchup, and Adobe Creative Suite.

This role entails:

- Performing landscape architectural and planning assignments under general supervision
- Coordinating the preparation of design presentations
- Coordinating with consultants on a wide variety of design related issues
- Relating design concepts to zoning ordinances and other external entities
- Managing all aspects of project development

Candidates shall meet the following requirements:

- Possess, at a minimum, a Bachelor's Degree in Landscape Architecture and/or Planning from an accredited university
- 3-7 years of experience
- Working knowledge of issues related to planning, urban design, and landscape architecture
- Has the ability to understand and communicate with professionals of other disciplines
- Contributes proactively to the project team
- Is proficient with technical detailing
- Is proficient in current design software, including Adobe Creative Suite, AutoCAD, and Sketchup. (A plus: Revit, Rhino, Civil 3D, Land FX, and other 3D modeling / rendering platforms)
- Preferred experience: Hand graphics, graphic design, and site grading experience

Who we are:

SWABACK is an ever-evolving group of multi-talented professionals, deeply inspired by collaboration and incorporating the most innovative design solutions, technologies, and ideas to better create our communities and built environments.

For over 40 years, SWABACK has actively pursued the most challenging and unique assignments around the world—resulting in a diverse, competitive portfolio of award-winning, and highly recognized, projects.
