

Who We Are:

The Green Room is an award-winning landscape architecture firm seeking a talented **ENTRY-LEVEL CAD TECHNICIAN** with a minimum one year of studio experience, to become an integral part of our collaborative team.

We are a firm built on **COLLABORATION** focused on creating artful experiences in space. We feature an open studio environment located in Uptown Phoenix. We offer a competitive compensation package, the potential for future growth in a team oriented atmosphere and a fun working studio.

Competencies:

AutoCAD	Ability to Multi-Task
Construction Documents	Ability to Follow Instructions
Design Detailing	Ability to Work under Deadlines
Irrigation Design (ideally)	Ability to Work Well with Others

Responsibilities:

Creating Construction Document Sheets ready for Permitting.
Scanning and Drawing any Hand Sketches into CAD accurately.
Performing on-site Field Verification Measurements or Base Mapping as needed and entering accurately into CAD.
Detail drawing assistance.
Making corrections to Redlined check sets.
Maintaining the firm's File Management Standards.
Setting up all Sheets, Title Blocks and Base CAD files for all projects.

Please submit a resume with a graphic portfolio and a brief cover letter describing your work experience and why you believe that you would be a great fit for our team. Please send the above information in PDF format, under 20 MB to Matt Thomas matt@tgrcollaborative.com.
