- Experience driving with truck and trailer combination (CDL not required, but must be able to obtain medical card);
- Critical thinking and common sense;
- Communicate effectively with Owner, Crews, Office Staff, and Customers
- Effectively manage crew's schedules using computer skills and Outlook on daily basis;

- Use Smart Phone for: email, Outlook, GPS, pictures, internet, texting, calling and more;
- Strong communications skills with Salesperson, Homeowner, Landscape Crews;
- Thoroughly explain the work being performed to homeowners and crews;
- Communicate payment terms, obtain down payments, progress payments, and final payments with client;
- Know when to issue Change Orders, obtain signature and payment;
- Knowledge of Top 50 + plants and building materials;
- Purchase supplies: plant material and hard goods at local vendors;
- Preload trucks with supplies;
- Knowledge of building/installing landscape features such as BBQs, Fireplaces, Outdoor Kitchens, Water Features, Irrigation, Landscape Lighting, Block Retaining Walls Pony Walls, Pathways, Patios, Courtyards,

Driveways, Trees, Plants, Gravel, Grass, Artificial Turf, as well as other finishes and landscape features;

- The majority of our work is hands on and uses primarily onsite instructions;
 - Read landscape plans;
 - Accurately measure for the purpose of creating an Estimate/Proposal or landscape plan;
 - Evaluate a job site to determine whether it may require extra time for items such as a hard dig, limited access, hilly terrain, thorny trees or shrubs and non-regular items that require additional time;
 - Knowledge of landscape installation equipment (laser, level, string line, water level, skid loader, mini multi tool tractor, trencher, paint airless/air, and more...);
 - Manage small and medium remedial jobs without plans;
 - On-site walk-through, paint, marking flags, plant replacements, gravel, paver repairs, irrigation modifications, low-voltage lighting, LED bulb upgrades, annual flower installation, sump pump and drainage, and more;
 - Walk through job-site once project is completed;
 - Explain how to maintain and/or operate installed landscape features;
 - Bilingual English/Spanish not required but beneficial
-
- Develop new business from leads generated through our office
 - Meet with clients to determine expectations for their property including assessing budget requirements.
 - Prepare landscape proposals utilizing templates to meet client needs and close the sales.
 - Draw landscape plans and produce material lists. Ability to utilize CAD or other programs a plus.
 - Provide project management from start to finish including quality assurance monitoring.
 - Manage one onsite crew to ensure project is completed safely, on schedule, and within budget.
 - Ensure Customer Satisfaction by meeting with Clients
 - Document daily tasks and provide to Manager

Experience, Knowledge & Abilities

- Minimum 3 to 5 years strong sales experience with customer focus
- Excellent communication, interpersonal, and supervisory skills
- Ability to work independently and be accountable for sales goals

- Passion for SELLING in a Business to Consumer environment
- Possess landscape and hardscape design knowledge
- Computer literate with experience in MS Word, MS Excel, MS Outlook and CRM (Client Management System) (Service Autopilot)

Excellent compensation package including:

- Competitive Base Salary
- Lucrative Commission Pay Schedule
- Paid Time Off and Medical benefits and more!

Goodman's Landscape Maintenance offers competitive compensation based on experience. The Owner has been designing and selling landscape construction services for over 37 years and is looking for the right person to potentially take over the landscape construction part of the business. Owner is open to profit sharing or a partnership in the construction division. Please email your resume and AND a letter of interest.

Goodman's Landscape Maintenance, LLC is an Equal Opportunity Employer.
